Desired Outcomes:

- 1.) Understand the neurobiology of anhedonia
- 2.) Understand biobehavioral markers that could be used to predict response to treatment for anhedonic behaviors
- 3.) Become familiar with approaches to objectively probe anhedonia across units of analysis

Target Audience:

This activity is geared to psychiatrists, psychologists, nurses, social workers, MFCCs/MFTs, but all are invited.

Accreditation:

The Office of Continuing Medical Education, David Geffen School of Medicine is accredited by the ACGME to provide continuing medical education for physicians.

Physicians: Each live activity has been designated for a maximum of 1.0 AMA PRA Category 1 Credit(s)[™].

Psychologists: The California Board of Psychology recognizes and accepts AMA PRA Category 1 credits as long as the course pertains to the practice of psychology.

Nurses: The California State Board of Registered Nursing accepts courses approved by the AMA for category 1 credit as meeting the continuing education requirements for license renewal.
